

# How to be a good Chief Investigator

19<sup>th</sup> November 2019

Liverpool

A free one day training workshop event for newly funded Chief Investigators of randomised clinical trials.

Includes presentations from experienced chief investigators, clinical trial units, trial funders and trial methodologists.

This workshop is free to shortlisted applicants, but spaces are limited and available on a first come first served basis. Delegates must pay for their own travel and any accommodation.

**To apply:** Please forward a 2-page CV and a copy of the trial abstract including the title and funder of your trial. Applicants should be a new CI on a randomised clinical trial which is already currently funded.

**For all applications and enquiries please email Gill Cooper, HTMR Network Coordinator ([enquiries@methodologyhubs.mrc.ac.uk](mailto:enquiries@methodologyhubs.mrc.ac.uk)) with the subject heading: "Good CI Workshop 5".**

**Deadline for applications: Friday 6<sup>th</sup> September 2019**

## Feedback from previous courses:

Useful to hear others' experience - that has given me confidence with my own project

An excellent opportunity to hear specific talks aimed at CIs and a very good networking opportunity.

Good opportunity to discuss common themes, frustrations and what has worked well with other CIs

One of the very best workshops I have been to

The talks were interesting as they confirmed some of the challenges that new CIs face

**Organising Panel:** Prof Tony Marson, Prof Paula Williamson, Prof Jane Blazeby & Prof Jane Armitage.

This workshop is funded by the MRC Network of Hubs for Trials Methodology Research
